THE LEGEND, VOL. XXXII
JUNE 1965
WEEQUAHIC HIGH SCHOOL
NEWARK, NEW JERSEY

Introduction

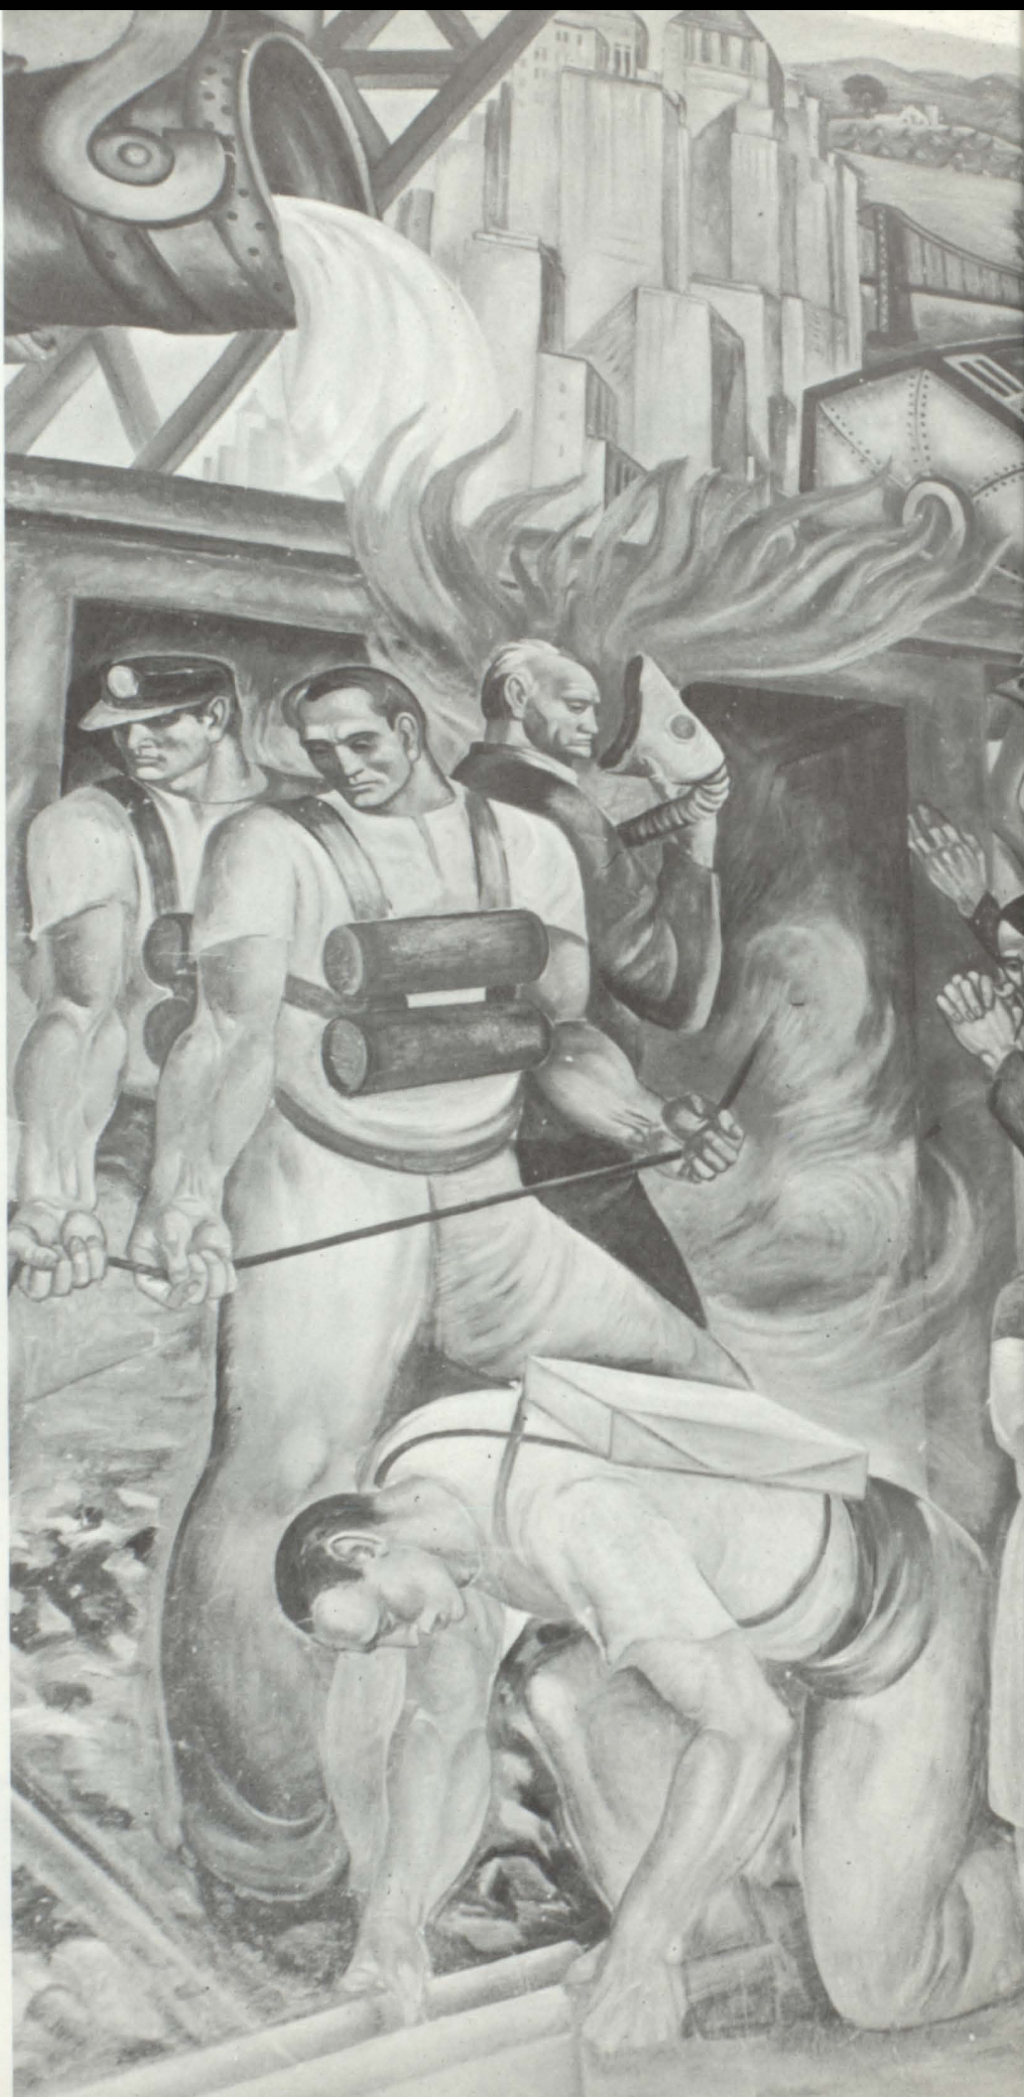

In approaching this year's *Legend*, the staff was struck by a perplexing question: How does a high school mean? What is it about Weequahic that has left its stamp upon us?

We found that there is no simple answer. Delving into the obvious assets of the school—1 concrete building plus 4 classrooms, 10,000 library books, 127 teachers, 2299 students, 1700 capacity—is not nearly enough.

Weequahic also means through its traditions, its consistently high quality of education, its extra-curricular activities, its student government and a myriad of other qualities which override any simple answer.

Therefore, by focusing on Weequahic's past and present, we, the staff, have conceived of this yearbook as at least a partial answer to the question . . .

How does a high school mean?

How does a high school mean?

Of the seventy-six teachers who taught at Weequahic when it opened its doors in 1933, eight are still here today: Mrs. R. Blum, Miss C. Bowerman, Mrs. B. Butler, Mrs. E. Glucksman, Mrs. R. Jellinek, Mr. E. Kobetz, Mr. H. La Penna, Miss L. Steinholtz.

Miss C. Bowerman, our current Vice Principal, who taught English, Latin and Spanish during her years at Weequahic and who, from September 1955 to February 1956, was Acting Principal, remembers:

THE THEN AND NOW

In some respects, a comparison between the Weequahic of September 1933 and the school of today might lead one to conclude that really there is "nothing new under the sun." We are again housed as we were in our infant years and have been, intermittently, throughout the history of Weequahic, in additional classrooms in the Chancellor building; some freshmen are still trying to locate that mythical swimming pool; among our student body, the girls continue to outnumber the boys; the name Weequahic is still being massacred in mis-pronunciation! And, until this year, when Barringer captured the crown, we were still the "newest and the largest" high school in Newark. Most of us like to think we are still the best!

Perhaps one of the most striking changes over the years has been the increase in the number of faculty personnel. While the total school enrollment in the year 1964-1965 surpasses that of 1933-1934 by fewer than two hundred pupils, the over-all size of the faculty has increased from seventy-six to one hundred twenty-seven members. While we do not regard as ideal our present average class size, students of the present-day Weequahic have the advantage of smaller classes than did their predecessors. The positions of Administrative Assistant and Head Counselor were unheard of when Weequahic opened its doors. In the intervening years, both the office staff and the laboratory assistant corps have doubled in number, while the library force has been tripled.

Since September, 1933, Weequahic has had five principals: Max Hertzberg (1933 to 1951), Michael Conovitz (1951 to 1955), Julius Bernstein (1956 to 1959), David E. Weingast (1959 to 1961), and Benjamin Epstein (1961 to date).

Among our present teachers, twenty-one are former Weequahic graduates: Mr. G. Barr, Mr. B. Bauer, Mr. M. Bobrow, Mr. L. Dultz, Miss E. Finkelstein, Mr. B. Finkelstein, Miss M. Hayes, Mr. G. Krotenberg, Miss M. Lerner, Miss P. Lerner, Miss F. Markowitz, Mr. S. Ostrin, Mrs. R. Attermann Septee, Mrs. C. Tucher Parm, Miss M. Piacente, Mrs. B. Schwartz Rice, Miss T. Schulman, Mr. M. Seltzer, Mrs. G. Barr Sommer, Mr. S. Sperber, and Mr. S. Weil.

A high school means through a continuing tradition of teaching and administrative excellence.

Office of the Principal
To The Class of June, 1965:

Your class leaves Weequahic High School in the era of the question mark.

How can we provide for the needs of the people born at the time of our great population explosion? How do we eliminate poverty forever from American life? Can we keep the world at peace and eliminate the possibility of humanity destroying itself in a nuclear war? What steps must we undertake to guarantee that the disgrace of racial inequality is wiped out of our life forever? How do we meet the challenges of automation and the employment problems that come from it? How rapidly can we build the schools and colleges we need and staff them with capable teachers? What shall we do about the complex problems of transportation in our crowded communities? What will we find and how far will we go in outer space? How do we preserve our ever-shrinking natural resources? Can we produce a slumless community? Will we find the cures for cancer, heart disease, and many other human scourges?

These questions and many others need answers - they demand solutions. We hope that at Weequahic you have learned to recognize the questions. We would like to believe that we have stimulated you to want to play a part in finding the answers. We are sure that we have tried to show you, that each individual has it within his ability to contribute in some degree to achieving their solutions.

In the years to come, when you browse through this record of your class, you will see the faces of many who will distinguish themselves in the search for the answers.

How does a high school mean?

Throughout its history, Weequahic High School has geared its curriculum to meet national, local and individual needs. Mechanics and Electronics, Aeronautics, Radio and Communications, Junior Air Raid Warden, and Navigation were some of the elective courses offered during World War II. After 1940, Spanish, Hebrew and Russian were added to the original foreign language offerings by student demand. Modern equipment, new machines, and Machine Shorthand have been added to the commercial courses. In response to the current Space Age, Weequahic now offers a full complement of honors classes in foreign languages, history and English and advanced placement programs in science and mathematics.

Weequahic has also grown physically: in September, 1958, sixteen rooms were added to the rear of the second and third floors.

In August, 1950, Weequahic was rated as "one of the most outstanding high schools in the country" by the Commission of Secondary Schools of the Middle Atlantic States Association of Secondary Schools and Colleges. On June 17, 1960, this same body lauded Weequahic's college program. On December 17, 1963, Weequahic was ranked first in New Jersey and fifty-sixth in the nation in the number of graduates who had earned a Ph.D. during the preceding five years.

A high school means through a continuing tradition of academic excellence.

Teachers are always in a good mood . . . before school.

School Store: "Do you give out Green Stamps?"

FINAL SENIOR BULLETIN- 1965

PLEASE READ EVERY WORD - FOLLOW ALL DIRECTIONS CAREFULLY

These last days are exciting ones which call for your fullest cooperation. Please remember that a quiet dignity will enhance your graduation exercises.

GENERAL INFORMATION

1. (a). School apparel rules still apply. (No dungarees, slacks, bermudas, etc.)
- (b). Do not bring yearbooks to rehearsals- they will either get lost or be confiscated.
- (c). No gum chewing.
2. Graduation apparel
 - (a). Handle your caps and gowns carefully; there are no extras.
 - (b). Press your gown after the final rehearsal.
 - (c). Gowns tend to slide down in back- pull them up.
 - (d). Pin or sew your collar on.
 - (e). Wear your cap evenly- no tilt- deep part in the back and tassel on the left.

BOYS- Wear (a) white shirt, (b) inconspicuous tie, (c) dark trousers, (d) dark shoes, (e) dark socks.

GIRLS- wear (a) light dress, (b) no heels, wear light colored flats, preferably white or very clean sneakers.

THE PROGRAM

1. Learn your position in line at rehearsals and be sure to keep this same position on graduation evening. Be sure to sit in the same seat.
2. If anyone is absent, leave that place vacant.
3. Walk with head straight- do not look for your guests! Smile- don't be too solemn.
4. Remain standing until Mr. Scocozza gives signal to sit.
5. At proper signal, stand for flag salute. Boys will remove caps as they stand, holding cap in left hand. Remain standing till after the Star Spangled Banner. At signal, be seated- boys will replace caps evenly with tassel to the left.
6. Remain seated for balance of program until your name is read. Since you will be in full view of a large audience, every motion and whisper will be observed. Prepare yourself for a relaxed, silent, attentive evening.
7. The recessional is as important as the processional. March with dignity and control.---Even after you're out in the playground.

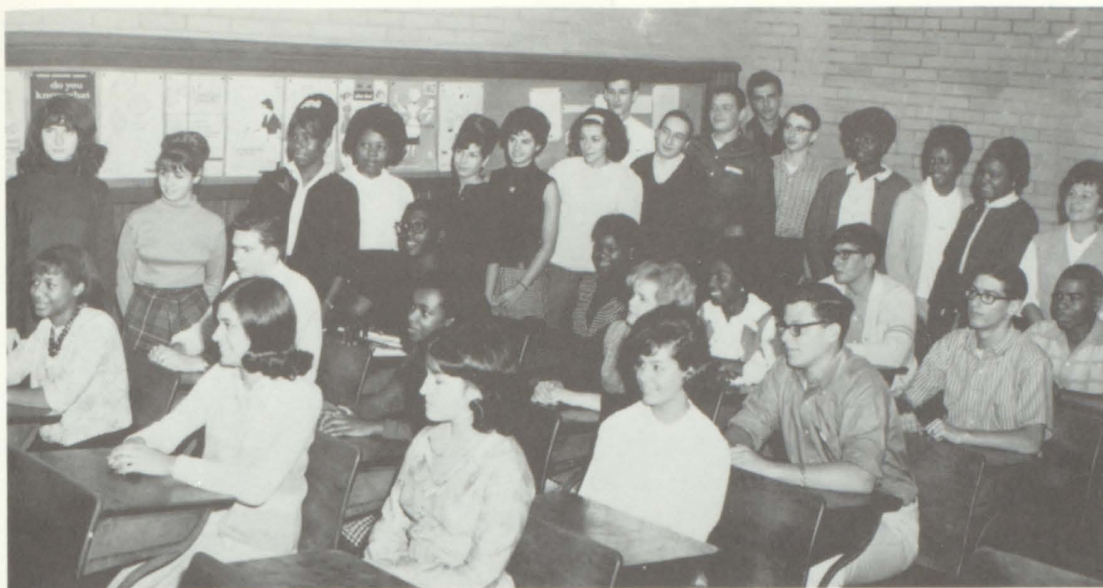

AFTER THE CEREMONY

1. Return quietly and quickly to your homeroom of the evening. Place your cap, gown, and collar in the box you brought and in with your homeroom teacher. You will then receive your card and diploma. You may keep the tassel.

HOMEROOM 5

Mrs. R. Mazaica
With scholars true,
And dim-wits, too;
We strive to set
rules anew,
In whatever we do.

HOMEROOM 6

Mrs. Grindlinger

We're the smartest
of the smart,
We're the homeroom
with the heart,
We're the homeroom
with the most,
But then again, we
never boast.

HOMEROOM 114

Mrs. E. Glucksman

Mrs. Glucksman's
cherubs all agree,
Their homeroom is
filled with glee.

HOMEROOM 115

Miss A. Melkowitz

This homeroom perpetuates an
air of quiet calm and is dedicated
to those who believe in utter con-
fusion.

HOMEROOM 209

Mr. P. Egeth

We the kids of 209
Have a party all
the time.
Before we go, we
want to say
Good-bye, Weequahic
We're on our way.

HOMEROOM 211

Mr. B. Bauer

The middle lunch-
room is the place,
Where you never
see an unhappy face.

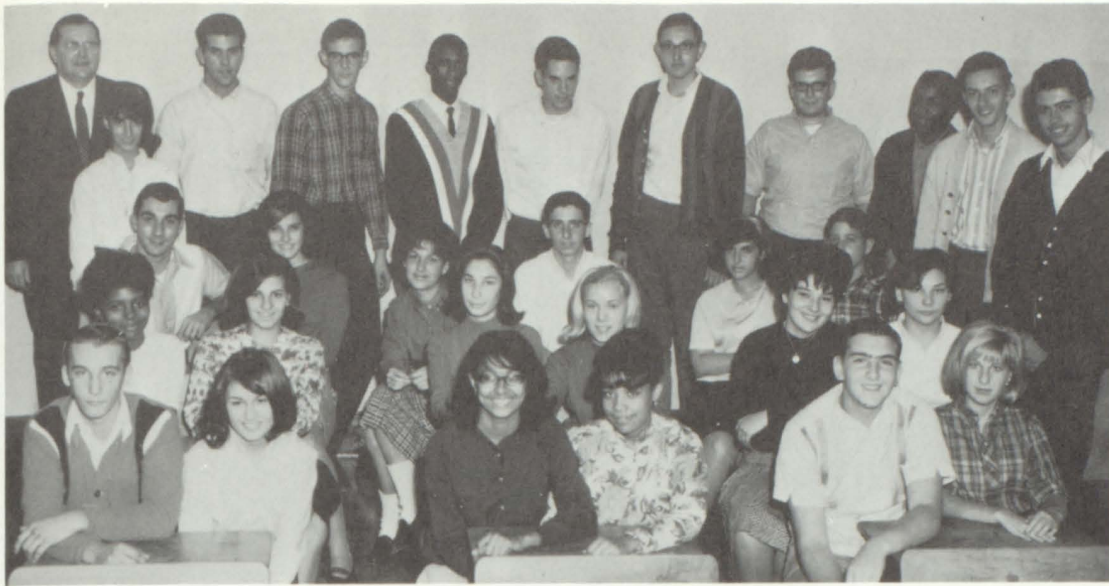

HOMEROOM 212

Mr. D. Berney

Wetson lovers and athletes,
Students of homeroom 212
Have high ideals personified.

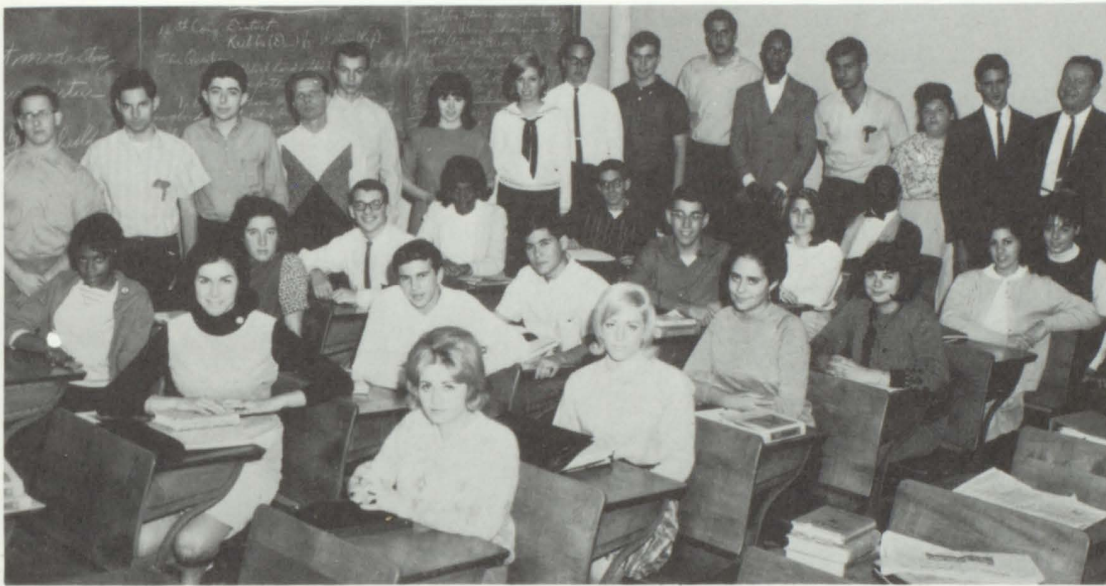

HOMEROOM 214

Mr. T. Callaghan

As we leave Weequahic for higher
and wider frontiers, one question
still echoes off the walls of 214:
"Who didn't buy an OBA card?"

HOMEROOM 220

Mr. E. Hendler

With hope that modesty need
never be our virtue . . .

HOMEROOM 312

Mrs. E. Schecter

In Mrs. Schecter's
melting pot,
Sit 31 seniors who
know a lot.
Although we must go on
our separate ways,
We'll never forget our
312 days.

HOMEROOM 317

Mr. H. Lutzke

Homeroom 317 is:
Quiet, studious,
obedient, and bright,
Ambitious, cooperative,
and polite.

HOMEROOM 318

Mr. L. Schulman

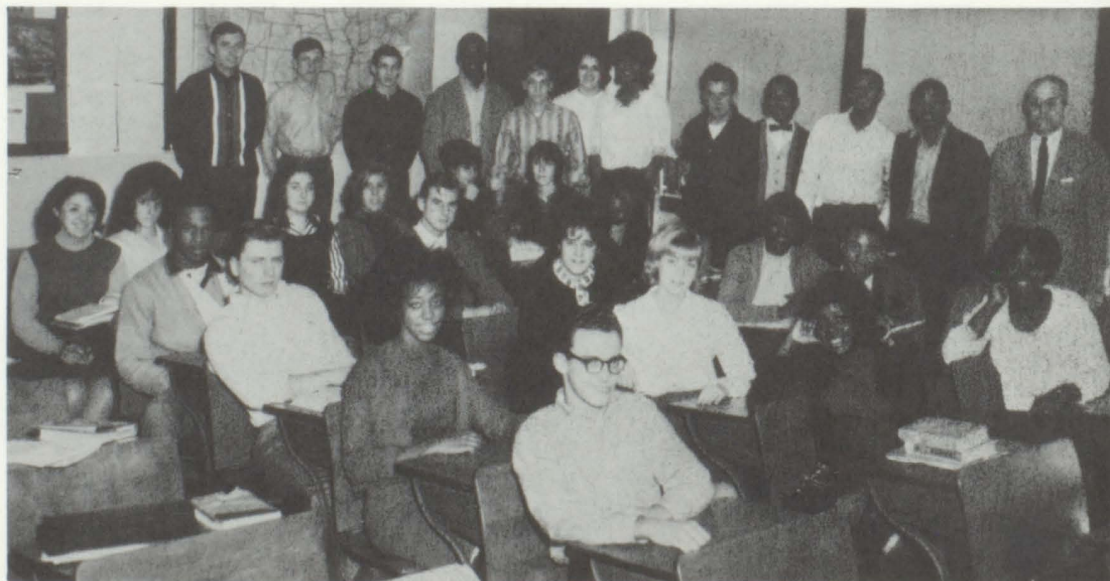

"Park your carcass,
and zip your lip!"
Is the motto of a
homeroom that's
really hip.
As Schulman's gang, we're
very wise,
And this has been a bunch
of lies.

HOMEROOM 319

Mr. S. Ostrin

Homeroom 319 is really
in the swing,
We're a homeroom that
has everything.

HOMEROOM 323

Mr. B. Finklestein

When a homeroom is
as great as this,
It's hard to be
humble.

HOMEROOM 324

Mr. L. Stamelman

324 is the best in
the school.
That's because we're
really cool.
There isn't much
that we can't do,
Thanks to our fearless
leader, Lou.

HOMEROOM 331

Mr. H. Holzman

Some pupils absent,
others tardy,
Soda pop, chips,
all hale and hardy.

First day at Weequahic—pure panic!—a good combination of excitement and fear. I don't think I've ever been so lost—up stairways, down stairways, hidden gyms . . . and everything looks the same—20 min. to find his new office, too. Bet it took Mr. Epstein 20 minutes to find his new office, too. Can't believe I bought an elevator pass. Wish there was an elevator to get me over to Chancellor. I wait eight years to get to Weequahic and spent half my first day in a grammar school.

AH! A sophomore at last! To think that last year I was one of those funny-looking misguided freshman creatures. Doesn't seem possible.
 I hope they hate the classes at Chancellor as much as I did last year. No more of that for me. The lucky ones are the Clinton Pl. kids—they skip the freshman year altogether. Still, they'll be freshmen for a couple of weeks. Let them SUFFER!

'62-'63

Soph. class council—no longer freshmen . . .
 now we have political rights!

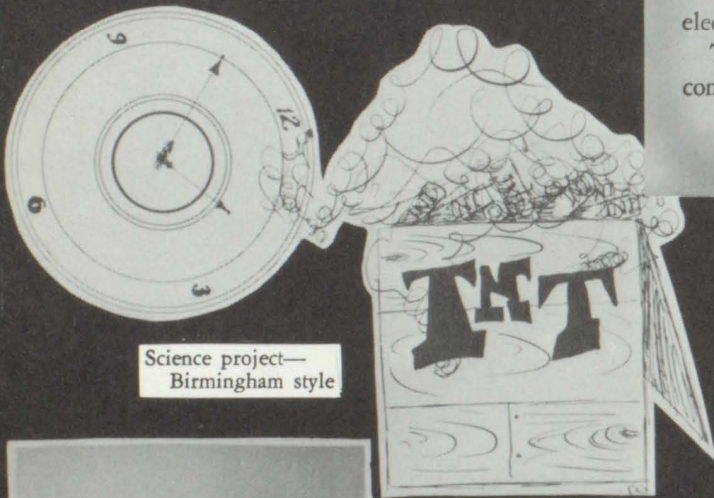

March 22, 1963

Alan Bolton, President of the O.B.A., began the meeting and explained the reason for the formation of the council. He said that the O.B.A. this year planned to sponsor a dance for each class. Seniors and juniors have class councils that were able to work in coordination with the O.B.A., but when the time came for a sophomore dance, a problem arose. So the idea for a sophomore class council originated.

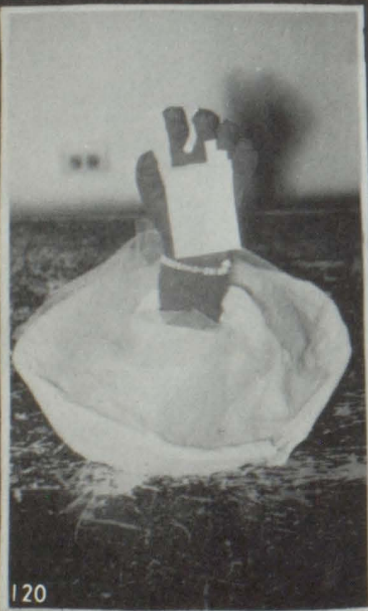

The council then voted for two people to head them, Gwen McClendon was chosen for the chairmanship, and Judy Klayman elected secretary.

The next meeting was set for Friday, March 29, at which time committees would be appointed and the date for the dance.

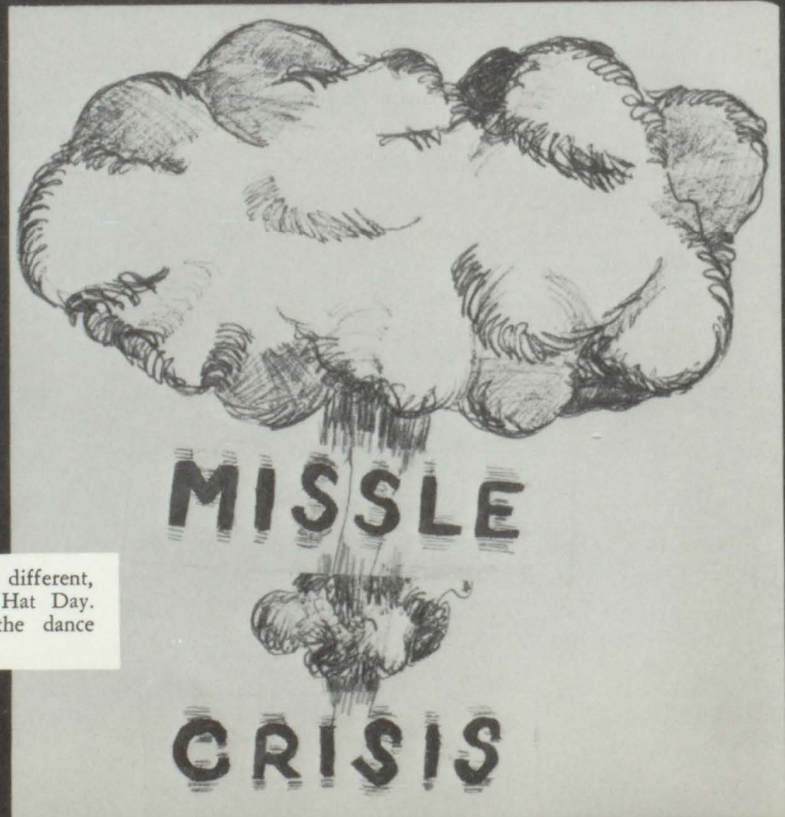

Respectfully submitted,

POPE JOHN DIES

May Pope Paul VI continue
his great work.

The Junior year! By hearsay the roughest year to be. The year that *counts* as far as college goes. And cramming for PSAT's and May SAT's is going to be great fun! Well, it might be a rough year, but at least I'll have my own locker. And there'll be a lot of class activities—picnic, square dance, play (?), special days . . . The junior year—the good with the bad.

Seniors Vanquish Juniors, 58-32

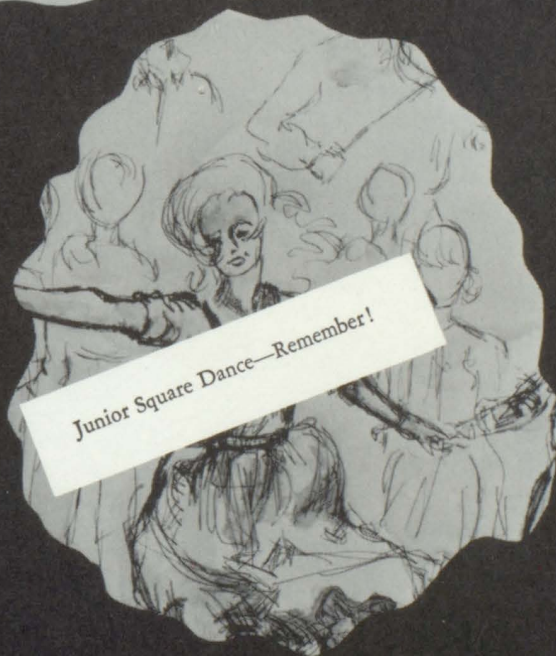

On the night of January 31, 600 Weequahic students packed our gym to see the annual Junior-Senior basketball game. This year's game had an added significance as the money being raised was to be donated to local cancer funds.

Each team consisted of twenty boys, each of whom would play one quarter.

The game started off on a disappointing note for the juniors as the seniors rocketed off to a 10-0 lead. The rest of the quarter was played on an even basis and at the buzzer the score stood 18-9. The juniors made their move in the second quarter. Led by Gerald Leroy's fine play-making, the lower classmen closed the gap to 21-16 with three minutes left in the quarter, but again the seniors put on a spurt and at half-time the score read 31-16 in favor of the seniors. The third period saw the seniors up their lead to 20 points.

Larry Hirschorn opened the fourth quarter for the seniors by hitting a 25 foot jump shot. The juniors' Barry Mark countered with a driving layup. Hirschorn again hit a jumper as the tempo of the game picked up. Mark and Hirschorn seemed to be matching each other as the teams traded baskets. At the final buzzer Hirschorn had 14 points on 6 for 7 from the field and 2 for 2 from the foul line. Mark wound up with 11 points. The final score read 58-32.

Don't worry, juniors. We have another game next year.

Suss New Leader Of 3B Class Council

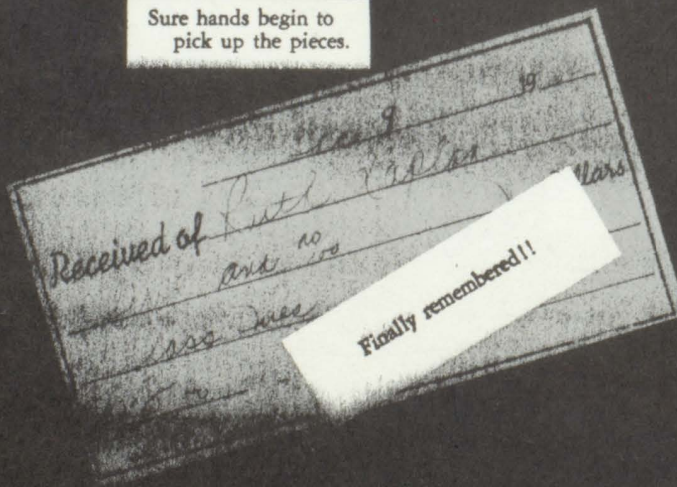

From left to right: (standing) Ronald Suss, Steven Fisher, (seated) Eileen Lawrence, Barbara Teitlebaum

Ronnie Suss, President of the junior class, is an eager participant in school activities. Ronnie's occupational goal is becoming a lawyer. As President of the Junior Class Council, his chief wish is to "unify the class, making it a well functioning organization". Eileen Lawrence, vice-president of the junior class, is looking forward to Eileen's happy, hard-working student. She is anxious to make plans for a Square Dance which she hopes will be a "big success". Eileen would also like to have a class play which would serve as "a showcase for talented students". Eileen agrees with others on the "importance of bringing the class together" and is a "very active participant".

Sure hands begin to
pick up the pieces.

Everything grand to look forward to—driving, the Hop, the Spook, the Prom, and graduation. Of course there are "other" things to look forward to also—vocational worries, college applications and . . . graduation!!

I can't believe I was once a junior, a sophomore and—good grief—a "freshman." I sincerely believe that senior is synonymous with superiority. At least, I believe it now.

Comets Subdued 26-7 In Thanksgiving Day Classic

A strong running game, spearheaded by Charles Talley, powered the Indians over Hillside for the first time in 4 years. The final scoreboard read 26-7. This victory brought the team's record to 4-4-1, the best it has done in quite a few years.

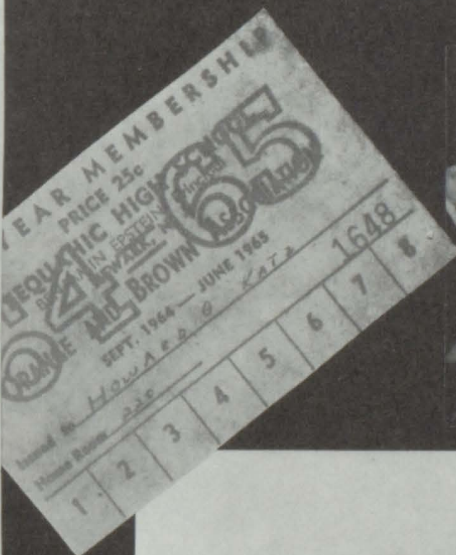

Although Talley scored 2 touchdowns on 2 long carries, he wasn't the whole ground attack. All-City fullback, Barry Mark, quarterback Dashiell Meeks, and Dave Wright also ripped Hillside for long jaunts on the ground.

In the first period, the Indians showed their powerful running game as they went 53 yards in 14 plays to score. The drive saw Mark and Talley alternate in carrying the ball to the four. Meeks followed with an end run for paydirt and Joe Baker's extra point kick put 7-0 on the scoreboard.

In the second period the Indians moved the ball 24 yards to the Weequahic 47 yard line. Meeks then sent Talley through left tackle, for what seemed to be a short gainer. With a tremendous second effort Talley broke away and went 53 yards to make it 13-0.

On the ensuing kickoff of the Comet touchdown, Dave Wright took the ball on his 29 and returned it 33 yards. Barry Mark took over from here as he plowed through the middle to eat up the remaining 38 yards. He scored from the five. Add Baker's kick and the score read 20-7.

There was no more scoring till the fourth quarter when Talley again scored on a long run. This one covered 66 yards as he smashed through right tackle. Our hour of glory had come at last.

We are not just dealers in many funds, but also national distributors for UNITED FUNDS, INC. a one billion dollar mutual fund.

We aren't just experimenting in this business, not with over 300 offices from coast to coast and 4,900 representatives. That's experience.

Besides all the usual benefits, such as group insurance, major medical, and profit-sharing plan, we give you the most important benefit: the knowledge necessary to develop a dignified and rewarding lifetime career based on commission earnings.

PART TIME or FULL TIME. We don't have mass hiring hours. For an individual interview call us NOW

Tis 2:35 and all through the place
Everything moves at a quickening pace.
Notices posted each morning with care,
High hopes that the students soon would be there.

The QUANTUM CLUB¹ chemists are reporting on leads,
While visions of gamma rays dance through their heads.
The BIO PROJECT CLUB² with scalpel and me with my knife,
Are dissecting a rat, amidst much strife—
When out in the hall there arises such a clatter,
The ELECTRONICS CLUB³ has just harnessed matter!
Away to the window runs the BIO CLUB⁴ in a flash,
To discover the rat making a mad dash.

The quantity of water in the half-filled tub,
Is perplexing the members of the JUNIOR MATH CLUB⁵—
When what should appear to their wondering eyes,
But the SENIOR MATH CLUB⁶ feasting on Pi's!
The MATH TEAM⁷ meets and concludes with a shrug,
"Elementary, dear friends—just pull out the plug."

In songs and dances the foreign words they essay
Comment on dit "multilingual" en français?
On CHINESE,⁸ on SPANISH,⁹ on SPANISH HONORS¹⁰
Now LATIN¹¹ and GERMAN¹²
On CERCLE FRANÇAIS,¹³ on JUNIOR FRENCH¹⁴
Now HEBREW¹⁵ and RUSSIAN¹⁶
Auf Wiedersehn to the rain in Spain,
Shalom, adieu, till we meet again!

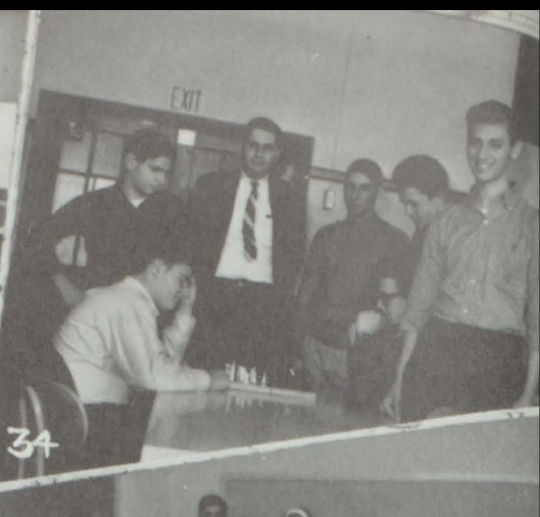

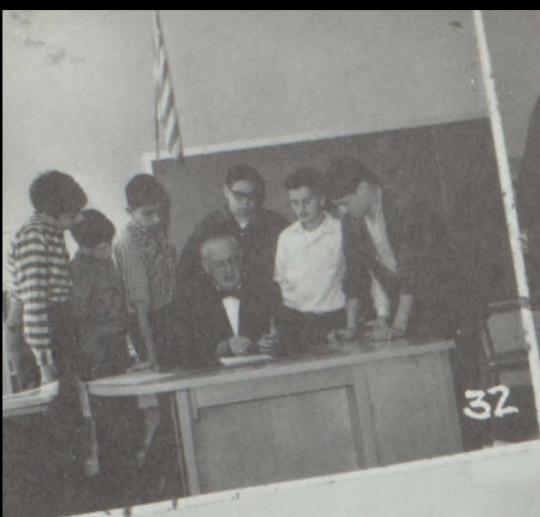

Hail! FUTURE PHYSICIANS,¹⁷ doctors to be,
Open your eyes, oh say can you see?
FUTURE NURSES¹⁸ look over there—
Observe Ben Casey and Dr. Kildare!
Don't panic, lay your fears to rest,
The JUNIOR RED CROSS¹⁹ aids first and best.

FUTURE BUSINESSMEN,²⁰ honest and true,
The DESK SET²¹ members have their eyes on you.
FUTURE TEACHERS²² in you we place our trust—
Spare the rod, spoil the child—remember us!
The Student Council, O.B.A.^{23 24 25}
Settles our problems day by day.
The SENIOR CLASS COUNCIL²⁶ conducts its meeting,
The president rises and extends his greeting.

As the DEBATING CLUB²⁷ meeting gets underway,
Pro and con, each has his say.
Politics, issues, news of the day
The CONTEMPORARY CLUB²⁸ speakers now hold sway.

Want a book to make you laugh?
Go and ask our LIBRARY STAFF.²⁹
Super—cali—fragil—istic—expi—ali—docious
The CALUMET STAFF³⁰ scoops monthly, explicit and sagacious.
Students take note! memorable headline:
The LEGEND STAFF³¹ has met its deadline!

The COIN CLUB³² has pfennigs, shillings, sixpence
Can anyone lend me 25¢?
A dozen loose stamps blow to the floor,
The STAMP CLUB³³ shrieks, "It's the wind, close the door!"
The moves are deliberate, the faces show concern,
Why is CHESS³⁴ such a hard game to learn?
The PHILOSOPHY FORUM³⁵ is in deep concentration,
A student exults, "My first revelation!"
Athletes, musicians, models of propriety—
It can only be the HONOR SOCIETY.³⁶

Up on the rings loop and swoop
The members of the GIRLS APPARATUS GROUP.³⁷
Balls fall through the basket in a never-ending stream,
Victory belongs to the GIRLS BASKETBALL TEAM.³⁸
The gym is throbbing with plenty of CHEER-
LEADERS³⁹ rooting. The game's drawing near!
Shiny streaks spinning quickly by,
TWIRLERS⁴⁰ twirling! How those silver sticks fly!

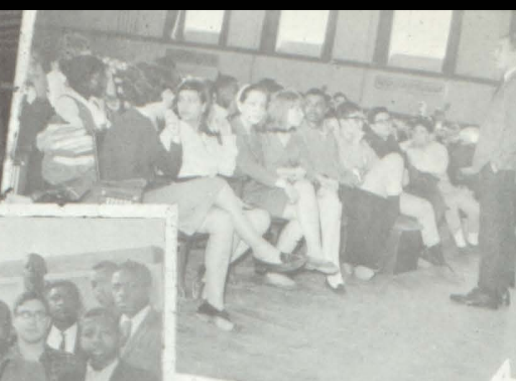

The room swells up with the sound of guitar
What way-out FOLK SINGERS,⁴¹ Weequahicites are!
Hands and hips swing, footsteps are light—
The DANCE BAND⁴² is practicing for tonight.
The baton is raised, the note is played,
The MALE CHORUS⁴³ begins their serenade.

Like graceful birdlings afloat in the sky,
The MODERN DANCE CLUB⁴⁴ glides right by.

The student begins his pantomime work,
The DRAMA CLUB⁴⁵ laughs, he bows with a jerk!
Talented students come one and all—
The SCHOLARSHIP COMMITTEE⁴⁶ will answer your call.
The PROJECTION CREW⁴⁷ has its own storio,
It goes like this: "Help! Mr. Dorio!"
The USHERING STAFF⁴⁸ has a problem, there's been a little theft—
All the seats have been taken, not one is left.
Thanks to our SOUND AND STAGE CREW,⁴⁹ trusty and spry,
The auditorium curtain always manages to fly.

With book and map they encircle the globe,
The INTERNATIONAL CLUB⁵⁰ is always on the probe.
Students jump on the bus, away they do loop,
Hail and farewell BUSINESS TRAVEL GROUP.⁵¹
And so away we all fly . . . soon out of sight,
CLUBS FOR ALL . . . AND TO ALL A GOOD NIGHT!
